

NCDCC Resolution Opposing the Recall of County Supervisors

Whereas the Nevada County Board of Supervisors has worked diligently to protect the health and economic wellbeing of Nevada County residents from the impacts of the Covid-19 pandemic and,

Whereas the appropriate method of removing elected officials is the normal elections process occurring this year, and not the widely abused recall process which could result in yet another special election costing Nevada County taxpayers hundreds of thousands of dollars,

Therefore be it resolved that the Nevada County Democratic Central Committee opposes the recall of any and all members of the Board of Supervisors, regardless of their ideological or partisan affiliation.
